Support Patients Through E-Service Solutions (SPES) Project

1st Strategic Political Committee Meeting

INVITATION

Friday, April 20th 2012

Hotel Bellevue, Vienna, Austria
Althanstrasse 5, 1090 Wien

Strategic Political Committee

The international **SPES** (Support Patients through E-health Solutions) project, in which 11 partners from Italy, Belgium, Slovakia, the Czech Republic and Austria participate, focuses on innovative telemedical applications for older persons to facilitate life at home and obtain higher quality in life.

At the same time, the regions participating are discussing and fathoming the possibilities of employing assistive technologies in social and care work with stakeholders, decision-makers and potential users.

This first meeting offers the opportunity to an exchange of ideas with the aim of establishing a platform towards better co-operation between the regions participating in the issue of telemedical applications on the Central European level.

In the framework of SPES a **Strategic Political Committee** (SPC) has the assignment of contributing towards an area of telemedicine in Central Europe through cross-border collaboration, initiating a dialogue on the supra-regional level and promoting innovative developments between the partner regions participating.

The SPC will be officially established at the first SPC meeting.

What can be expected from this event?

- Get informed about the ongoing Central Europe Project SPES
- Get involved in the cross-border cooperation and innovative development of assistive technologies on the Central European level
- Running Pilots Presentations, Results Presentation, Demos from SPES Project Partners
- Get together from Central Europe regions in the field of e-Health, Telemedicine, and Ambient Assisted Living

The event will be held in English.
Facilitators: Mag.a Ewa Ciecierska/ Dr. Ibrahim Elsayed
